**Eagle Catcher Farm & Ranch** raises **Certified 100% Grassfed** beef in Harlingen, in the lower Rio Grande Valley of Texas. Our intention is to supply **delicious** and **healthy Angus-Brahman naturally** grown beef to our customers. We are certified by both the American Grassfed Association (AGA) & Animal Welfare Approved (AWA). (When you can't visit the farm, AWA is the eyes & ears of the conscientious consumer).

Our small closed herd is maintained on 34 acres of grassland with no supplemental feeding except hay (alfalfa and Bermuda). Our herd thrives on low stress **compassionate** care.

Vacuum Packaged  
Meat Cut-List Available at  
[www.eaglecatcherfarm.com](http://www.eaglecatcherfarm.com)

We practice sustainable farming & use only natural and organic products for our fertilizer, pest and weed controls. Our animals are never given hormones and those raised for meat are never given antibiotics.

## Our Farm:

Eagle Catcher Farm & Ranch

## Proprietors:

Garner & Nancy Klein

## Our Product:

**Angus-Brahman** beef, home grown, **naturally** raised, vacuum packaged, from our freezer, sold directly to the customer.

## Our Objective:

To provide **healthy, tasty, naturally tender** beef, free of man-made chemicals and substances not of **natural** origin.

MADE IN THE USA
